To Whom It May Concern:

I highly recommend Brian Weed for the American Copy Editors Society Copy Editing Scholarship.

Brian is majoring in journalism at Union College in Lincoln, Nebraska. I have served as his adviser for the past two years. In fact, Brian was my reader for one year.

One of Brian's greatest strengths is his editing skills. As my reader he gave excellent feedback to students on their writing. In addition, he was extremely thorough in grading for punctuation and grammar.

Brian's editing internship at Sandhills Publishing is also an impressive accomplishment. Sandhills internships are highly competitive. Previously he also completed an internship at KCAL, a popular rock station in Southern California.

I expect Brian will be very successful in life. He is extremely talented. I know his skills will serve him well in life.

If you have any additional questions about Brian, please feel free to call me.

Sincerely,

Michelle Velazquez Mesnard
Associate Professor of Communication
